FINANCIAL MATTERS

There were no financial matters to discuss at this time.

LEGAL MATTERS

Issuance of the District's Limited Tax General Obligation Refunding Bonds, Series 2021A (the "Series 2021A Senior Bonds"), and the District's Subordinate Limited Tax General Obligation Refunding Bonds, Series 2021B (the "Series 2021B Subordinate Bonds" and together with the Series 2021A Senior Bonds, the "Bonds"), in a combined maximum aggregate principal amount for the Bonds of up to \$65,000,000: The Board entered into discussion regarding the status of the issuance of the District's the Series 2021A Senior Bonds, and the District's Series 2021B Subordinate Bonds.

<u>Presentation by Jefferies LLC</u>: Mr. Baldwin and his team provided an overview of the debt restructuring and progress made to date.

<u>Executive Session</u>: Pursuant to Section 24-6-402(4) of the Colorado Revised Statutes, upon motion duly made by Director Paris seconded by Director Boehler and upon an affirmative vote of at least two-thirds of the quorum present, the Board convened in executive session at 11:15 a.m. for the purpose of receiving legal advice on specific legal questions regarding the tender offer negotiations and refunding, as authorized by Sections 24-6-402(4)(b) and (e), C.R.S.

Furthermore, pursuant to Section 24-6-402(2)(d.5)(II)(B), C.R.S., no record will be kept of those portions of the executive session that, in the opinion of the Board's attorney, constitute privileged attorney-client communication pursuant to Section 24-6-402(4)(b), C.R.S.

The Board reconvened in regular session at 12:05 p.m., and took the following actions:

- The Board confirmed the ability of Jefferies LLC to proceed with the tender pricing.
- The Board authorized the Finance committee to sign off on final pricing and to resolve any issues that might come up.
- The Board scheduled a special meeting for June 17, 2021 at 4:00 p.m.

<u>Schedule of Events</u>: Mr. Baldwin presented the updated schedule of events for the debt restructuring, noting that the closing is anticipated for July 1, 2021.

<u>Financial Forecast prepared by CliftonLarsonAllen LLP</u>: Mr. Carrol reviewed with the Board the draft Financial Forecast prepared by CliftonLarsonAllen LLP.

Analysis from North Slope Capital Advisors Concerning the Debt Restructuring: Ms. Chichester reviewed with the Board a preliminary Analysis from North Slope Capital Advisors concerning the debt restructuring and an overview of modeling options. She noted the Analysis will be finalized once the tender price and interest rates are available.

<u>Fee Increase Proposed by North Slope Capital Advisors</u>: The Board entered into discussion regarding the \$12,000 fee increase requested by North Slope Capital Advisors. Ms. Chichester reviewed the Scope of Services and noted the reason for the request was for additional work required due to the complexity of the debt restructuring. Director Paris noted the Finance Committee discussed the request and is recommending the Board approve a fee increase in the amount of \$6,000.

Following review and discussion, upon motion duly made by Director Paris, seconded by Director Boehler, and, upon vote, unanimously carried, the Board approved a fee increase in the amount of \$6,000, for a total fee of \$38,500.

Other: There were no other bond-related topics to discuss.

Conveyance from the District and M.D.C. Land Corporation as Grantors to Cobblestone Ranch Owners Association as Grantee (for Lot 1, 3rd Amendment to Villages of Castle Rock 2nd Amendment – Liberty Village Portion): Attorney Meintzer reviewed with the Board conveyance from the District and M.D.C. Land Corporation as Grantors to Cobblestone Ranch Owners Association as Grantee (for Lot 1, 3rd Amendment to Villages of Castle Rock 2nd Amendment – Liberty Village Portion). She noted Lot 1 is where the Community Center is located.

Following review and discussion, upon motion duly made by Director Paris, seconded by Director Boehler, and, upon vote, unanimously carried, the Board approved the conveyance from the District and M.D.C. Land Corporation as Grantors to Cobblestone Ranch Owners Association as Grantee (for Lot 1, 3rd Amendment to Villages of Castle Rock 2nd Amendment – Liberty Village Portion), subject to final review and approval by the Cobblestone Ranch Homeowners Association.

<u>License to Enter Real Property</u> and related <u>Easement Agreement</u> (on Tract D-2, Final Plat - Villages at Castle Rock 2nd Amendment - Liberty Village <u>Portion</u>) between the <u>District and the Town of Castle Rock</u>: Attorney Meintzer reviewed with the Board a <u>License to Enter Real Property</u> and related <u>Easement Agreement</u> (on Tract D-2, Final Plat - Villages at Castle Rock 2nd Amendment - Liberty Village Portion) between the District and the Town of Castle Rock. She noted the License and Easement is for a trail connection that will be maintained by the Town of Castle Rock.

Following review and discussion, upon motion duly made by Director Paris, seconded by Director Boehler, and, upon vote, unanimously carried, the Board approved the <u>License to Enter Real Property</u> and related <u>Easement Agreement</u> (on Tract D-2, Final Plat - Villages at Castle Rock 2 nd Amendment - Liberty Village Portion) between the District and the Town of Castle Rock.

Net Change in Fund Balances - Governmental Funds

\$ 76,424

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense, the allocation of the cost of any depreciable asset over the estimated useful life of the asset.

Dedication of Capital Assets to Other Governments

(7,950,246)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Accreted Bonds Payable - Change in Liability

(1,346,242)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

NOTE 1 **DEFINITION OF REPORTING ENTITY**

Villages at Castle Rock Metropolitan District No. 6 (the District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized by Order and Decree of the Douglas County District Court on August 15, 1984, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District operates under a Service Plan approved by the Town of Castle Rock as amended and restated on April 27, 2004. The District's service area is located in Douglas County, Colorado. The District was established to provide construction, installation, financing and operation of public improvements, including water, sanitary, storm sewer, streets, parks and recreation facilities, safety, transportation, television relay, fire protection, and mosquito control primarily for single-family, residential development within the District.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by property taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the assets, deferred outflow of resources, liabilities, and deferred inflow of resources of the District is reported as net position.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District has determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank or investment account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress, and are not included in the calculation of net investment in capital assets.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the board of directors. The constraint may be removed or changed only through formal action of the board of directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the board of directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance (Continued)

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2020, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 358,806
Cash and Investments - Restricted	 346,062
Total Cash and Investments	\$ 704,868

Cash and investments as of December 31, 2020, consist of the following:

Deposits with Financial Institutions	\$ 684,157
Investments	20,711
Total Cash and Investments	\$ 704,868

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020, the District's cash deposits had a bank balance of \$684,157 and a carrying balance of \$684,157.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

<u>Investments</u>

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk, and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the board of directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- * Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- . Guaranteed investment contracts
- Local government investment pools

As of December 31, 2020, the District had the following investments:

Investment	Maturity	A	mount
Colorado Surplus Asset Fund Trust (CSAFE)	Weighted Average		
	Under 60 Days	\$	-
U.S Treasury Money Market Fund	Weighted Average		20,711
	Under 60 Days		
Total Investments		\$	20,711

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE) (the Trust), which is an investment vehicle established by state statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, repurchase agreements collateralized by U.S. Treasury securities, certain money market funds, and highest rated commercial paper. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAm by Standard & Poor's. CSAFE records its investments at amortized cost and the District records its investments in CSAFE using the amortized cost method. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

First American Government Obligation Fund

The debt service money that is included in the trust accounts at U.S. Bank is invested in the First American Government Obligation Fund. This portfolio is a money market mutual fund which invests in U.S. Government Securities, which are fully guaranteed as to principal and interest by the United States, with maturities of 31 days or less and repurchase agreements collateralized by U.S. Government Securities. The Fund is rated AAAm by Standard & Poor's.

NOTE 4 CAPITAL ASSETS (CONTINUED)

During 2020, the remaining capital assets constructed and/or acquired by the District were conveyed to the Town of Castle Rock. The costs of all capital assets transferred to the Town were removed from the District's financial records. It is anticipated that any future capital improvements, with the exception of the detention ponds, will be transferred to the town.

NOTE 5 LONG-TERM OBLIGATIONS

The District's outstanding long-term obligations at December 31, 2020, were as follows:

Limited Tax General Obligation Capital Appreciation Bonds (CABs) Series 2007

On December 21, 2007, the District issued \$22,647,882 in Limited Tax General Obligation Capital Appreciation Bonds (CABs). The CABs accrete, compound and bear interest, as noted below. The proceeds were used to pay for bond issuance costs and to reimburse the Developer for advances made on behalf of the District for capital infrastructure costs.

The bonds are subject to mandatory sinking fund redemptions beginning on December 1, 2010, and on each December 1 thereafter. The bonds are also subject to redemption prior to maturity, at the option of the District, as a whole or in integral multiples of \$1,000, in any order of maturity and in whole or partial maturities, as stated per the 2017 Amended Indenture below.

The Indenture pursuant to which the bonds were issued was amended and restated on November 16, 2015 (with the consent of the owners of 100% of the outstanding bonds), to clarify certain ambiguities, but such amendment and restatement did not modify any material terms of the bonds.

On February 1, 2017, the Amended and Restated Indenture pursuant to which the CABs were issued was subsequently amended by a First Supplement thereto for the purpose of extending the optional redemption provision of the CABs, in exchange for which the per annum accretion rate of the CABs was reduced from 8.25% to 8.20% commencing on June 1, 2017. The amendment changed the accreted value of the bonds to \$4,951, from \$5,000. Optional redemption is available on December 1, 2027, and any date thereafter, upon payment of the full accreted value of the bonds, with no redemption premium.

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

<u>Limited Tax General Obligation Capital Appreciation Bonds (CABs) Series 2007</u> (Continued)

The annual debt service requirements on the 2007 Bonds are not presented as the current revenue stream is not sufficient to pay the debt according to the debt service schedule presented at the time of the bond issuance. So long as the District levies the Required Mill Levy and applies the Pledged Revenue, the inability of the District to pay the debt service requirements with respect to the Bonds when they come due does not constitute an event of default. Payment is subject to monies being available pursuant to provisions of the Indenture of Trust. In 2020, the District redeemed and paid 1,851 bonds with an accreted value of \$1,213, leaving a balance of 35,841 bonds with an accreted value of approximately \$1,271 at December 31, 2020.

Limited Tax General Obligation Subordinate Bonds

On December 21, 2007, the District adopted a resolution authorizing the issuance of Subordinate Bonds in the aggregate principal amount not to exceed \$37,352,118. The District issued \$1,592,000 against the authorized aggregate principal amount on December 21, 2007. The Subordinate Bonds were issued pursuant to a Capital Funding and Acquisition Agreement, dated December 27, 2007, and shall be payable on a subordinate basis to the CABs. The Capital Funding and Acquisition Agreement is in effect until the earlier of the repayment of all Subordinate Bonds or December 1, 2047, at which point the Subordinate Bonds will be terminated.

The Subordinate Bonds bear interest at 12% per year and interest compounds semiannually. The Subordinate Bonds are to be paid with the proceeds of any future bond issuance or from any available Pledged Revenue pursuant to terms of the Trust Indenture. Issuance of any additional debt against the aggregate principal amount will require prior approval from the Town of Castle Rock (the Town).

The CABs and the Subordinate Bonds are secured by and payable from the Pledged Revenue consisting of monies derived by the District from the following sources, net of any collection costs: 1) the Required Mill Levy, 2) all Specific Ownership Tax collected by the District, 3) the Capital Fees, and 4) any other legally available monies which the District determines, in its sole discretion, to credit to the Bond Fund. Required Mill Levy means an ad valorem mill levy of 50.000 mills imposed upon all taxable property of the District each year. The Required Mill Levy will be adjusted for changes in the ratio of actual value to assessed value of property within the District. As of December 31, 2020, the adjusted Required Mill Levy is 55.664 mills.

The annual debt service requirements on the Subordinate Bonds are not currently determinable since they are payable only from excess pledged revenue available after payment of the CABs, therefore no debt service schedule has been presented. As of December 31, 2020, the District owed \$1,592,000 and \$5,665,392 of outstanding principal, and accrued and unpaid outstanding interest, respectively.

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

Debt Authorization

On May 4, 2004, a majority of the qualified electors of the District authorized the issuance of indebtedness in an amount not to exceed \$60,000,000 for general obligation bonds at an interest rate not to exceed 18% per annum. In addition, the electors authorized the refunding of up to \$60,000,000 in general obligation bonds at a higher interest rate. As of December 31, 2020, the District had authorized but unissued general obligation indebtedness in the following amounts allocated for the following purposes:

		Amount	
	Amount	Used	Remaining
	Authorized	Series 2007	Authorization
Streets	\$ 30,000,000	\$ 14,327,855	\$ 15,672,145
Water	10,000,000	1,314,297	8,685,703
Sewer	10,000,000	6,923,699	3,076,301
Parks and Recreation	5,000,000	1,033,724	3,966,276
Mosquito Control	1,000,000	388,392	611,608
TV Relay	1,000,000	-	1,000,000
Transportation	1,000,000	-	1,000,000
Traffic and Safety	2,000,000	251,915	1,748,085
Refunding	60,000,000		60,000,000
Total	\$ 120,000,000	\$ 24,239,882	\$ 95,760,118

Pursuant to the Service Plan, any additional debt issued by the District will require prior approval by the Town. Maximum debt service mill levy per the Service Plan is 50.000 mills, as adjusted for changes in the ratio of actual value to assessed value of property within the District. As of December 31, 2020, the maximum debt service mill levy per the Service Plan, as adjusted, is 55.664 mills.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

NOTE 6 NET POSITION

The District has net position consisting of two components – restricted and unrestricted.

Restricted net position includes assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

NOTE 6 NET POSITION (CONTINUED)

The District had restricted net position as of December 31, 2020, as follows:

Restricted Net Position:

Emergency Reserves	\$ 22,000
Debt Service	 344,597
Total Restricted Net Position	\$ 366,597

The District has a deficit in unrestricted net position. This deficit amount is the result of the District being responsible for the financing and repayment of bonds issued and for the repayment of Developer advances received for the construction of public improvements.

NOTE 7 RELATED PARTIES

The Developer of the property which constitutes the District is M.D.C. Land Corporation. All members of the Board of Directors are current or former employees, owners or otherwise associated with the Developer and may have conflicts of interest in dealing with the District.

Facilities Funding, Reimbursement and Acquisition Agreement

In January 2006, the District entered into the Facilities Funding, Reimbursement and Acquisition Agreement with the Developer. Under the Agreement the District has agreed to repay the Developer for advances received prior to December 31, 2005, along with interest at the rate of 6.25% per year. Also under the terms of the Agreement, the District agrees to acquire eligible improvements from the Developer for any such improvements that the Developer constructs.

On November 16, 2015, the District and the Developer entered into that certain Agreement Regarding Water Main Construction Reimbursement whereby the District acquired certain water main improvements constructed by the Developer pursuant to a cost sharing agreement between the Developer and Castle Oaks Metropolitan District. The Developer agreed to reduce the amount of the District's obligation under the Facilities Funding, Reimbursement and Acquisition Agreement for such water mains by the amount paid by Castle Oaks Metropolitan District pursuant to the cost sharing agreement.

Operation Funding Agreements

On December 5, 2008 (effective January 1, 2009), the District entered into an Operation Funding and Reimbursement Agreement (the 2009 OFA) to repay advances made by the Developer for operations and maintenance (O&M) costs. The District agreed to repay the Developer for such O&M advances plus accrued interest at a rate of 7%. Repayments of advances, to the extent the District has funds available to do so, is to occur December 2 of each year. Repayments are applied first to the 2005 OFA (as defined in the 2009 OFA) and then to the 2009 accrued and unpaid interest and then to the 2009 OFA principal amounts.

NOTE 7 RELATED PARTIES (CONTINUED)

Operation Funding Agreements (Continued)

On December 11, 2009 (effective January 1, 2010), the District entered into an Operation Funding Agreement (the 2010 OFA) to repay advances made by the Developer for operations and maintenance (O&M) costs. The District agreed to repay the Developer for such O&M advances plus accrued interest at a rate of 7%. Repayments of advances, to the extent the District has funds available to do so, is to occur December 2 of each year. Repayments are applied first to the 2005 OFA, then to the 2009 OFA, and then to the 2010 accrued and unpaid interest and then to the 2010 OFA principal amounts, as defined in the 2010 OFA.

NOTE 8 INTERGOVERNMENTAL AGREEMENTS

Fire Protection and Emergency Response Intergovernmental Agreement

The District entered into a Fire Protection and Emergency Response IGA with the Town of Castle Rock in 2007. Under the agreement, the Town is obligated to provide fire protection and emergency response services to property within the District and the District shall impose a mill levy of 10 mills dedicated and pledged to the Town for this purpose. In 2020, the amount collected under this agreement totaled \$340,530 and was remitted on February 25, 2021.

NOTE 9 INTERFUND AND OPERATING TRANSFERS

Excess general fund revenues totaling \$282,000 were transferred to the debt service fund in order to make additional payments on the District's debt.

NOTE 10 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers' compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

NOTE 10 RISK MANAGEMENT (CONTINUED)

The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 11 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

On May 4, 2004, a majority of the District's electors authorized the District to collect and spend \$4,000,000 annually of ad valorem taxes of the District for operations and maintenance without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.
